

Attendance Enterprise is a fully automated and scalable timekeeping system. Combined with BIOMETRIC AND BADGE TIME RECORDERS . It transforms basic labor data into information for your organizational managers to measure and improve workforce productivity. The workforce is the most valuable asset of your company

Payroll managers accurately track employee time and wage information
The HR department manages employee absenteeism and leave management
Your company easily complies with complex payroll policies and labor regulations such as FMLA and FLSA

Time and Attendance is more than keeping track of when employees start and stop working—it is careful management of your most costly and important resource—labor. Attendance Enterprise offers a customized labor management solution that is tailored for your management staff and organization.

With Attendance Enterprise , supervisors correct just the problems in moments a day. Scheduling is easy too, and changes can be made right in the time card or a group schedule.

Current and archived time cards, benefit balance information, employee history, and schedules— there's no need for a personnel file to get the basics on any Employee at any time with Attendance Enterprise

Main Screen DASHBOARD

Navigating Through Attendance Enterprise

Attendance Enterprise is designed to look, act, and feel like Microsoft Outlook.

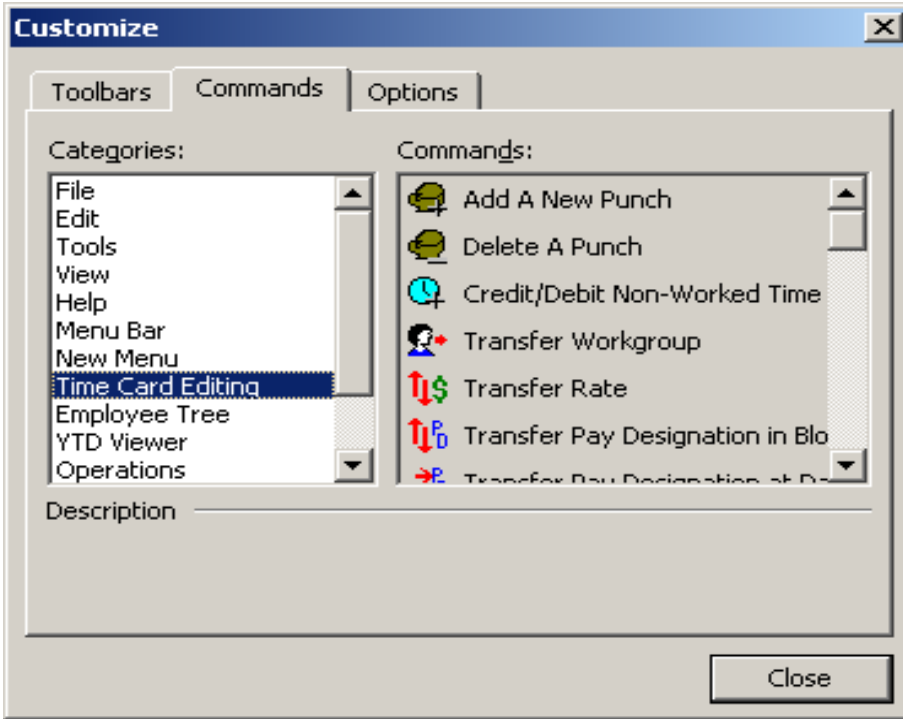

Note: The appearance of Attendance Enterprise windows varies based on the user's access rights. If you do not have access to one or more functions or toolbars, those items are disabled or are not displayed.

You control Attendance Enterprise using menus, toolbars, the Folders list, and shortcut menus. This section offers tips for using toolbars, the Folders list, and shortcut menus to your best advantage. Workgroup trees or lists and the To Do List, also commonly used, are described here as well.

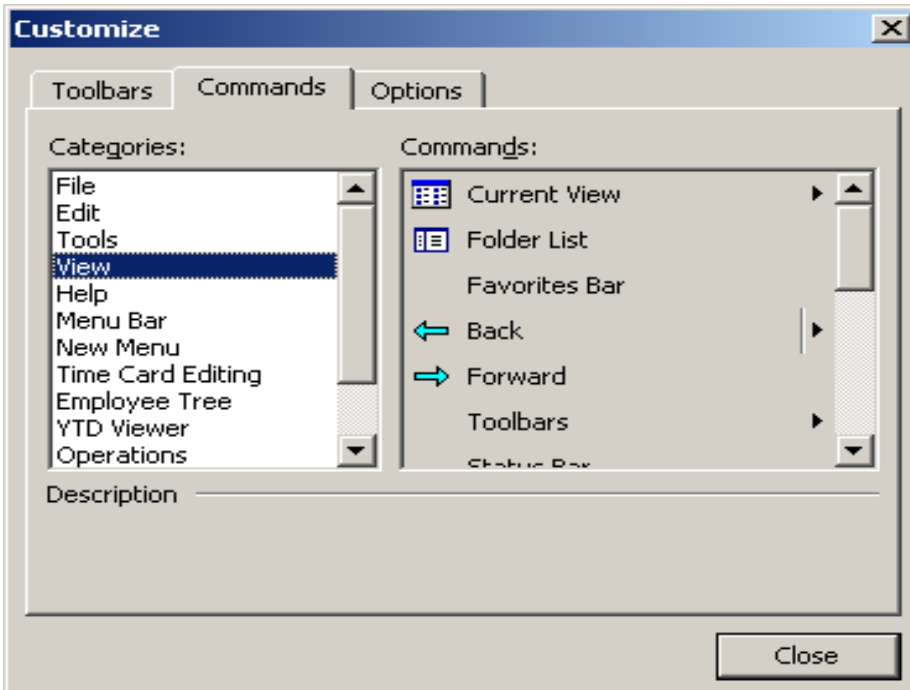

Toolbars

Toolbar commands control many of the functions in Attendance Enterprise. Attendance Enterprise includes several toolbars: Standard, Time Card Editing, Employees, Operations, and Maintenance. Your toolbars may contain several or many buttons, according to your role in the organization. Custom toolbars are also available.

ADD NEW EMPLOYEE WIZARD

The screenshot shows the 'Add New Employee Wizard' window. The title bar reads 'Add New Employee Wizard' with a close button. On the left, there is a decorative image of a beach with rocks and a net. The main text reads: 'Welcome to the Add New Employee Wizard' and 'This Wizard will guide you through adding an employee to the database.' At the bottom right, there are two buttons: 'Next >' and 'Cancel'.

Add New Employee Wizard

Welcome to the Add New Employee Wizard

This Wizard will guide you through adding an employee to the database.

Next > Cancel

The screenshot shows the 'Add New Employee Wizard' window at the 'Employee Name' step. The title bar reads 'Add New Employee Wizard' with a close button. The text reads: 'Employee Name' and 'Indicate the employee's name.' There are three input fields: 'Employee's Last Name' with 'Smith', 'Employee's First Name' with 'John', and 'Middle Initial' with 'T'. At the bottom, there are three buttons: '< Back', 'Next >', and 'Cancel'.

Add New Employee Wizard

Employee Name

Indicate the employee's name.
